(10 and under, 11-14, 15-19, 20-29, 30-39, 40-49, 50-59, 60 and over)**

### **5K Course**

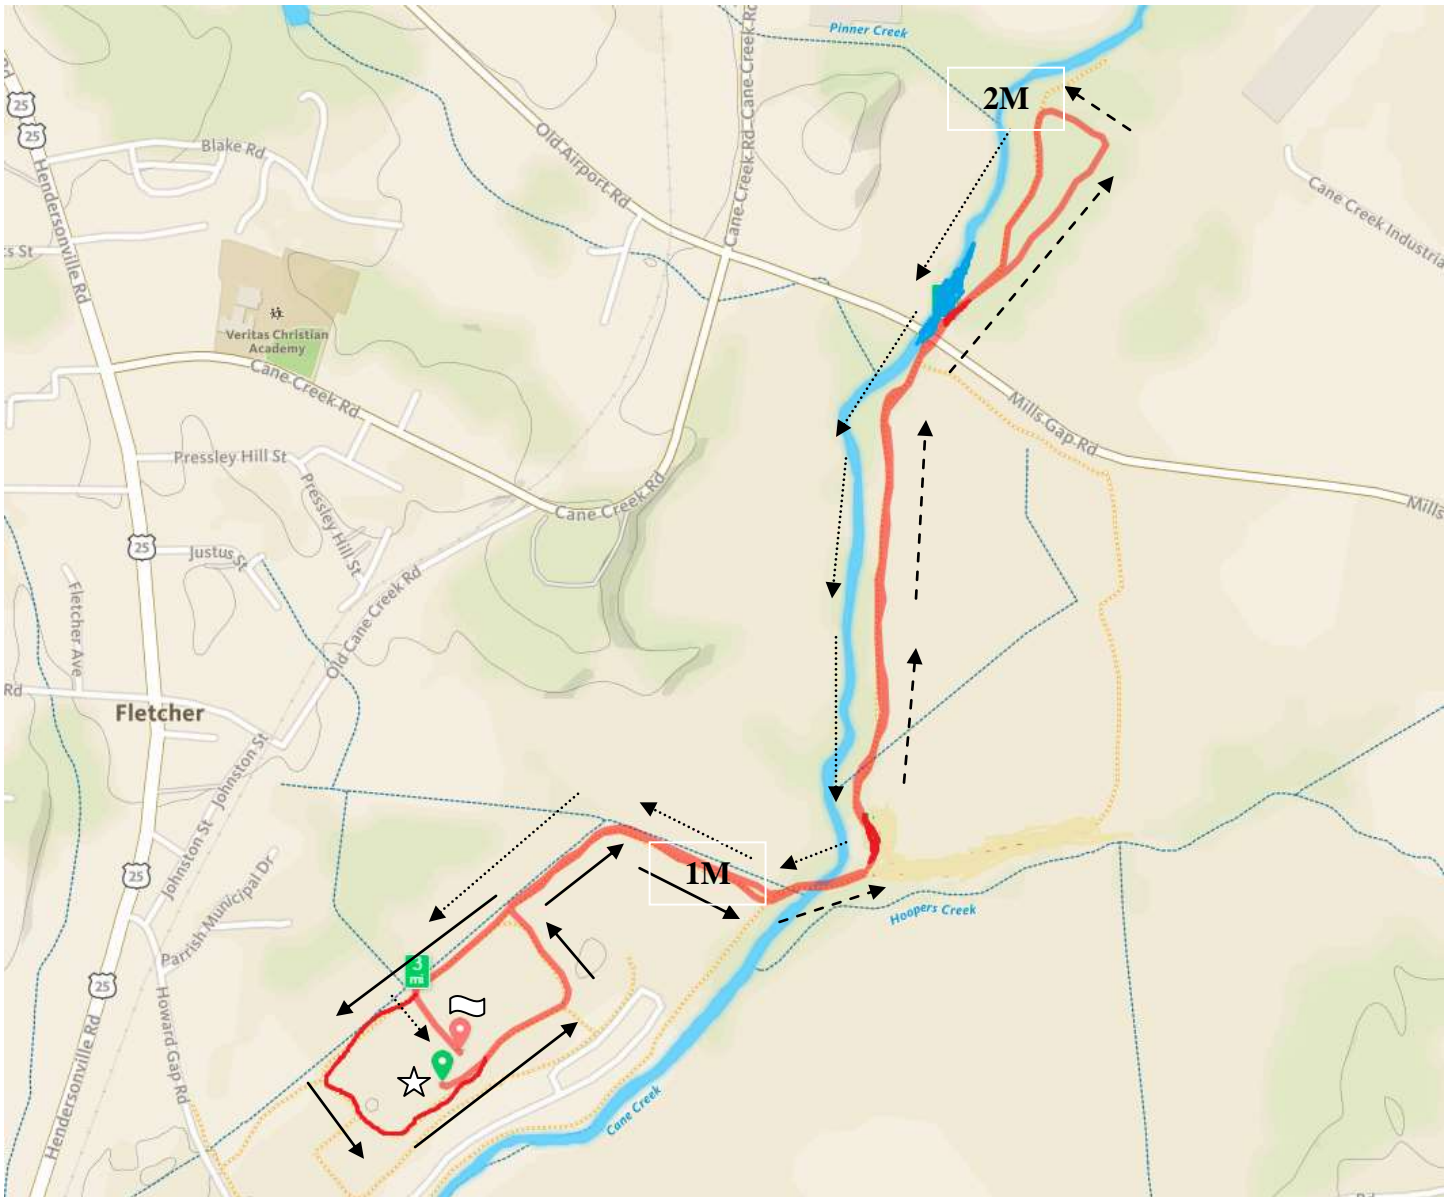

The 5k will begin in the open grass area between the playground and the baseball field in the park. Runners will start off around the inner loop of the soccer fields **and will do one complete loop around the INNER LOOP (NEW)** before taking a RIGHT out the gravel travel towards the greenway. Once they cross over the BRIDGE, runners will stay LEFT along the edge of the tree line before reconnecting with the gravel trail. They will continue STRAIGHT all the way out the greenway until reaching the small loop on the right. This will be after running under the Bridge in the greenway. This circle loop will bring them back around onto the concrete to head back toward the last mile on the greenway. We will not be going toward the railroad tracks! The terrain in the greenway is partially gravel and concrete and somewhat still wet with bits of snow. Once runners return from the greenway extension, they will cross the over the BRIDGE and turn RIGHT on the gravel trail to continue straight. After about 100 yards back on the concrete, they will turn LEFT and head toward the FINISH SHOOT. Course monitors and flags will be located throughout the race as well as a biker leading the way! When there are flags on both sides of the trail, go between them. Otherwise, keep flags on your right for most of the way.

Address: Fletcher Park  
85 Howard Gap Rd.  
Fletcher, NC 28732

Spectators coming to the race need to look for **Joy To The World 5K Signs** once you enter the park. **Registration will be under the Steelcase Shelter with Blue Roof!** Bathrooms are located beside the baseball fields for spectators and runners.

The race will be chip timed by Right-On-Time Productions. Also, results can be viewed live right after the race at [www.JoyToTheWorld5k.com](http://www.JoyToTheWorld5k.com) or [www.rightontimeproductions.blogspot.com](http://www.rightontimeproductions.blogspot.com).

## Joy to the World 5k Modified Course

### Key Symbols

☆ Start

🏁 Finish

First Mile ←———

Second Mile ←-----

Third Mile ←.....

We changed our course this year to place the start and finish closer together. Mile markers will be placed on the course. Also, we had to modify the original course due to snow and ice.
